

Reims Management School celebrates 80 years of business education and 10 years of networking in China

November 2008. Reims Management School (RMS) celebrates 80 years of business education and 10 years of networking in China with. On November 20th the school celebrated this event in Beijing with local partner companies, academic partners and alumni.

Reims Management School, located in the Champagne region of France, was founded in 1928 in response to the demand for local education needs. At the time, two career paths were offered in “oenology” and “the textile industry.” Today, Reims Management School is a European business institution that each year trains 3500 students, 650 of which are international, in the science of management.

The Reims Management School Group includes four business schools which offer two MBA programmes and numerous specialised programs. Each year RMS trains more than 3600 French and 900 international students. The Group is now a skill centre, recognised both nationally and internationally for higher education in management. The school is EQUIS and AMBA accredited. <http://www.reims-ms.fr/index-en.html>
